SUBJECT: Mitigation of Penalty Assessed to Pacific Wood Treating's RBT Site

Docket No. DE 83-284 assessed a penalty of \$20,000 against Pacific Wood Treating Company, Ridgefield, and required compliance with specific requirements. In that the site has been closed in accordance with a plan approved by Ecology and EPA, the seasonal uppermost aquifer is being monitored via lysimeters, and the lower aquifer monitored utilizing domestic wells with no apparent contamination evident, I am recommending that the penalty be mitigated in full. The company has satisfied the terms of the enforcement document.
